“ Tony is now with your parents and Doreen, they will be waiting for
your time to come and you'll all be together again. Think of the fun
times growing up and life at the lake. I will never forget his laugh
and mischevous smile. He's with the love of his life your MOM. I
understand that times are tough right now, but you must grieve in
the way that is best for all of you. You are lucky to have such a
loving family, not everyone has such love in their lives. We send our
love to all of you.
