“ I never had the honor of meeting Conrad, but I do know he was a very special person if Gabby invited him into her life. He brightened her every waking moment and I'm truly sorry for never having met him in person.

“ Our Hearts go out to the Barnes Family and Gabriella may they find comfort in the memories and legacies Conrad has given them.

We first met Conrad as an annoying little 6th grader our son Damon met at school. We had just relocated from the Midwest and friends were few and hard to find. Conrad quickly grew on all of us and not only became one of Damon's lifelong friends but he introduced us to his own family and our time in New Hampshire was all the richer for it. We will always carry his memories in our hearts.

Much love and Many Hugs
