“ Jay, you are missed, you were a part of our lives for a long time. You and Carol, Brenda and I had a lot of memories of the trips we took together, I’m going to miss that.

“ For someone who was rather private and kept to himself you certainly had a profound affect on so many of us who knew and loved you. I am still coming to terms with this news. You treated me like a daughter & it is difficult to have to wonder if you knew truly how many lives you touched. We will miss you and I pray you are at peace up in heaven, riding a motorcycle or working your magic on some car making it into something awesome! We love you Jay.
