“ First I want to say how sorry I am for Betsy's family's lost. Betsy was the first friend I made upon getting married and moving to Knoxville, TN. I will always cherish our friendship, even though through the years miles became between us, she was always on my mind. She gave me my very first kitten which was the start of a lot of cats, she loved her babies. We had lots of fun adventures on the weekends, camping, water-skiing just to name two. I cherish the memories my husband and I got to make with her and her family at the Rehoboth Beach vacations. We loved those trips and were sad when they had to stop. I had always hoped to come up and visit Betsy, but to my loss I waited too long and now I will just have to wait and see her in heaven. I will have a big hole in my heart until that day. I loved her more than just a friend, she was family. In Love Dian

“ Betsy, you were completely apart of my family growing up. I hope you are able to take pictures, and live with cats in heaven. I know my mother's life is forever changed both by meeting you, and because you have moved onto a better place. You were the kindest of souls.
