“ Jim was a true professional. He was always responsive and patient when assisting the Assessors Department. He had a friendly manner and would take the time to explain to those less knowledgeable than himself. I extend condolences to Candy and family. Richie Allen

“ I'm still feeling sad over Jim's passing. I remember like it was yesterday, my first day working for the City of Springfield 53 years ago when they dropped me off on a road construction project with him. I'm going to miss our coffee "meet-ups" and interesting conversations. He taught me a lot about engineering and about life. Rest in peace Jim. Lou

“ Dear Candy and Girls. i’m sorry to hear about Jimmy. He always was a lot of fun to be around.. I remember when I was a kid going up and visiting him at UMass. Riding up there with auntie Pauline in that car she had that had three shifts on the column.. He was just how you described him, funny and witty, and always a pleasure to be around. We always think there’s more time, we keep telling ourselves we’ll get together sooner than later unfortunately we never did and I’m sorry for that too.. I’m glad you and Jimmy came to Anthony’s memorial. It was good to have you there.. auntie Pat auntie Bibsi I know your heart’s broken after all he was your little brother.
