“Janie was a ticket for sure. Loved that girl. She showed me the way at the Big E. Showed me how to befriend others that didn't have alot, but also showed me how to work hard & to enjoy the Big E, of which she so loved w/her friend Joe and his family. They were her soul being & they were always there for her. She loved her family & often wished things were different. But Jane I thank u for your love and for showing me an old lady the way. May u RIP my dear as I know I'm going to miss u terrible. Thanks for your friendship and I hope u r in a better place now. Love u dear:) Linda Jo Gershowitz

“I met Jane some 25+ years ago, a bright, fun loving and energetic young woman. Although our paths crossed, our life long friendship didn't start till years later. What a rollercoaster ride it was, i found that she was a devoted and loyal friend. She loved her boys, now men, Ryan (USMC) & Troy. She also loved the beach and The Big E. She will be missed, but will always be in my heart.
