“ While I haven’t seen Kenny since HS graduation, He has never been far from my thoughts. Kenny conducted himself with a quiet audacity -- never afraid to give his opinion/perspective whenever warranted. In other words, while most people stab in the back -- Kenny would always “stab in the front” -- and I loved him for that. On the football field Kenny had zero peers (including myself) when running the rock. After playing four years of scholarship Division 2 football, alongside numerous incredible athletes hailing from all over the country -- I can confidently say Kenny was (and still is) the most talented runner I have ever had the honor of playing alongside. The loss of Kenny really hits home, but I will never forget him and will do my best to always honor his legacy. My deepest condolences to his father and brothers.\n\nVery Respectively,\n\nTravis Lively
