“ oh grandpa where do I even start. You were the best grandpa I could ever ask for. I loved going to your house and seeing ur happy smile. The best memorie was the whole olive thing when you tried to make me eat an olive . Oh you were such a good spirit grandpa. I wish I could've had more time with you. Yes I was young but every memory is still a good memory with you. We will see you again grandpa. Rest in paradise 🕊️

“ *Ramon was the best Quartermaster and loved to tell his NAVY stories. He was the best brother and son and enjoyed telling us stories of his siblings and his mother whom he missed deeply. He was the most amazing Father given the dark circumstances he was given after losing his first love and wife. Even after the death of his wife and his first daughter he still managed to raise his family. No matter the obstacles thrown at him he would always make sure his family was taken care of! I remember my dad taking me to doctor appts, dentist, and teaching me how to cook and drive! Despite the harsh world he was surrounded by he still made sure we were good! He still was the best dad...he will forever be the strongest man I know! He was surrounded by evil and darkness for too long but he is now FREE. He is no longer suffering. We love you forever papi and miss you more and more each day!* ”

“ *Ramon was a loving husband and father. Everyday i came to care for him, he'd joke about how he hates my curls and laugh because it was too cute, he'd call me Raggedy Ang, call me all the time to the living room to listen to music and we bonded on our love for the music that came during his younger years. My dad taught me how to be a strong and intelligent woman in this cruel world, I love you pops, you'll always be on my mind -Flakie*

ME

“ *The best Dad in the world. My Dad gained his wings at 64 years old. He joined the navy when he was a teenager, even though it was tough he didn't give up. Those that knew him loved him. He was the protector, the brains, the strength. He was the person that would always have your back and will show up when ever. His laugh and smile was contagious, even if you were in a different room you will end up laughing and smiling. He always wanted the best for his family and loved us like no other. My dad will always be my hero, I love and miss you so much Papi. Thank you for your stories, for your guidance, for your wisdom and for your love. Not only are you the best dad, but you are the best grandfather as well. You are dearly missed by us. We will carry you in our hearts forever and always. Thank you for the best memories that I will cherish. I love you Papi* ☐💔

A loving Father, Grandfather, Son, and person. Until we meet again Papi , in Heaven☐🚢
