“ *Hello dear Curtis family of my Beloved Uncle Bob who was one of the most fun, loving and kindest person you would ever want to know. He was a man who loved his family and friends. His card skills kept him on point and his outstanding ability to remember and share his history kept him in the loop. I'm soo grateful that my family and I was able to enjoy being in his present and communicating with him on regular basis! Dear Uncle Bob you will truly be missed! I loved you then, I love you now and i love you alway sincerely Tawanda, Bosco & Family*
