“ Roger was one of my graduate students when I first started teaching at Springfield College. I was the supervisor of his graduate thesis. I found Roger to be a gentle amn and a gentleman in all of my interactions with him. My thoughts are with the family. Roger will be remembered in my thoughts and prayers.

“ Dear Brigitte and family :
Another bright star has temporarily left our physical presence.No one that ever worked with me put as much effort into getting the job done right the first time. He bettered himself after work by earning a Master of Science degree with straight "A"s. His heroic work with counseling the ill and desparate has I am sure earnd him a high eternal reward with our Lord. We shall miss him yes, but praise him more...

“ Dear Brigitte,
You have my deepest sympathy. I am so glad that I was able to send the pictures of when he was in the military.
May God give you the strength to go on.
My deepest love and sympathy.
