“ I am very sad to hear of Stephanie's passing. Stephanie and I became friends during the last years of high school. She was so full of positive energy all the time, and I loved being around her. I remember going to the Big E with her and having such a great time. I also remember going to her birthday party where there was a rock band playing outside on the lawn of her parents' house. Lol. Great memories. I am sending Stephanie's daughters and her entire family my deepest sympathies.
